

Advantage Extended Service Coverage for Your Prime Power Generator Set

Advantage coverage is available for units outside of the Caterpillar standard warranty period. Your generator set purchase was a long-term investment and you can count on Cat Insurance to help protect that investment.

Advantage Extended Service Coverage (ESC) provides 100 percent of usual and customary parts and labor costs for generator set failures due to defects in materials and workmanship on a wide range of covered components. And, with Advantage ESC you can have confidence that repairs will be performed by trained Cat® technicians using genuine Cat parts. You don't have to be the original owner to obtain Advantage ESC from Cat Insurance. Whether you're the first owner or the latest, your generator set may qualify for Advantage ESC.

IT'S ALL ABOUT OPTIONS.

Select the level of coverage that best meets your need:

Gold Coverage includes a wide range of covered components including turbochargers, fuel nozzles and injectors, and waterpumps. In addition, you have the confidence that ESC repairs will be done by trained professionals who use genuine Cat parts.

For complete confidence, we offer **Platinum Coverage**. This includes all original factory equipment with Cat Inc. part numbers, excluding consumables such as filters, hoses and belts.

ADVANTAGE ESC COVERAGE GOES WHERE IT'S NEEDED.

Advantage Extended Service Coverage for electric power is available everywhere in the world. So whether your unit is fixed in one location or mobile around the globe, the Cat Dealer network is available to serve you.

COVERAGE FOR THE LONG TERM.

Coverage can begin at the expiration of your Caterpillar® Factory Warranty or an existing Extended Service Contract. Coverage is available for a 60-month term and terms are renewable up to 10 years from the original delivery date.

CATERPILLAR®

Electric Power Service Coverage Matrix

PLATINUM Level Coverage Components

All as shipped consist from the factory with Caterpillar part numbers excluding filters, fluids, vee belts, hoses, power take-offs, paint, batteries, and clutches. Also for power modules, coverage excludes containers, undercarriage, ladders, lights, wheels, axles, brakes, tires, stabilizing jacks and fire extinguishers.

GOLD Level Coverage Components

Generator Sets - All engine "covered components" below plus base radiator, fuel tank, generator-mounted control panel, generator rotor & stator, bearings, exciter, EMCP Module, voltage regulator, and start/stop module. EPG Power Module - All Generator Set "covered components" listed above plus transfer switch and/or switchgear as shipped from the factory.

COOLING SYSTEM	FRONT AND REAR COVERS	Crankshaft Rod, Main & Thrust Bearings
Thermostat Housing	Front Covers / Plate / Housing / Gears (& Gaskets)	Connecting Rod Assembly
Water Manifold Housing	Vibration Damper	Piston, Wrist Pin, Retainer Clip & Piston Rings
Jacket Water Precooler	Flywheel Housing & Gasket	Piston Cooling Jet Tubes
Jacket Water Pump	MISCELLANEOUS	Cylinder Liner, Seals & Filler Band
FUEL SYSTEM	Cat Bolts, Attaching Covered Components	Main Bearing Cap Bolts
Steel Fuel Lines	GENERATOR END	CYLINDER HEAD
Fuel Shutoff Solenoid	Entire Generator End	Cylinder Head Casting, Sleeves, Bolts & Gaskets
Fuel Injectors	Generator Controls (EMCP, Wiring)	Freeze Plug
LUBRICATION SYSTEM	AIR INDUCTION & EXHAUST	Spacer Plate & Spacer Plate Gasket
Oil Pan	Exhaust Manifolds, Studs & Gaskets	Intake & Exhaust Valve (all related components)
Engine Oil Pump	Inlet Air Heater Relay	Roller Follower
Oil Cooler Housing & Core / Bonnet	Intake Manifold	Valve Mechanism, Rocker Arm, Brackets, Push Tubes
Oil Filter Base	Turbocharger (mounting hardware, lines, wastegate)	Bridge Dowels, Adjusting Screws, Nuts & Shaft
ELECTRIC SYSTEM	SHORT BLOCK	Valve Cover & Base
Control Module (ECM)	Cylinder Block Casting	Camshaft, Camshaft Bearings, Key, Gear
Sensors: All Engine Sensors	Freeze Plugs	Camshaft Rear Cover / Seal
	Crankshaft	

Note: components not listed in the coverage matrix are not covered under Gold level coverage options.

Important Notice:

All "Covered Components" must pass inspection or be replaced at the proper intervals as prescribed by the Operation and Maintenance Manual by an "authorized dealer" to qualify for continued coverage under this Service Contract. "Your" failure to follow the Operation and Maintenance Manual will result in denial of claims.

The following repairer travel and mileage limitations apply to this service contract:

- For Caterpillar Commercial engines up to and including 7.0 liters displacement, for ATS models up to and including 1200 amperes and - in commercial applications up to 4 hours and 0 miles / 0 kilometers travel allowance.
- For other models in all applications, up to 8 hours and 320 miles / 515 kilometers travel allowance.

Advantage Prime Power or Lead Management ESC Eligibility (B8)

1. Coverage terms can extend up to a maximum of 15,000 hours for 3500 model engines and up to a maximum of 10,000 hours for all other engine models.
2. Coverage terms can be extended up to a maximum of 120 months from delivery for all engine models.
3. Generator sets may be eligible for Prime Power Advantage ESC only with the successful completion of the Advantage Inspection Certification Worksheet performed by an authorized Cat Dealer.

This is a brief description of Extended Coverage. See your Cat dealer for more information. The Extended Coverage contract will govern.
